

St Leonards South Update

Yesterday afternoon, 7th February, the Department of Planning Industry and Environment (DPIE) issued its report on Council's St Leonards South Planning Proposal. This report follows the design charrette held on 11 November 2019.

The report identifies the DPIE's recommended approach to the planning of St Leonards South.

The report may be viewed in full at the following link:

http://ecouncil.lanecove.nsw.gov.au/TRIM/documents_TE/757970119/TRIM_St%20Leonards%20South%20SLS%20Design%20Charrette%20Outcomes%20and%20Recommendations%20Report%20by%20DPIE_1402243.PDF

If this link doesn't open you should be able to access the report under "Hot Topics"/St Leonards South on Council's home page.

The GCA has yet to review and analyse the report in full. It is, however, clear that the report outlines significant changes to Council's original plan, with emphasis on more green space and re-configuration of building heights to maximise solar access.

The report does not specify dwelling numbers.

SLS will be on the agenda for our GCA meeting on 19 February – newsletter imminent.
