22th January 2022

Dear Community Members

Mayoral Elections on 10th January

Congratulations to Andrew Zbik (West Ward) on his election as Mayor and Bridget Kennedy (Central Ward) on her election as Deputy Mayor.

Bob Campbell Oval

On Monday 10th January the new Lane Cove Council promptly voted 8 to 1 to hold an Extraordinary General Meeting on 24th January to determine the future of the Bob Campbell Oval Masterplan.

A link to the proposed motion for the Extraordinary Meeting – is [here](#).

In summary, a new Master Planning process will be undertaken that, at its heart, will have a new natural turf surface on BCO instead of the proposed synthetic surface.

The campaign to secure cancellation of the synthetic surface on BCO has been long - but inspiring.

It is disappointing that community members will not be able to attend the meeting on Monday night but you can enjoy the moment on the web cast - [click here](#)

Annual Subscriptions

Membership fees are due from 1 January for the calendar year.

A renewal slip and payment details are [here](#).

Membership can also be renewed via the web site under the Membership renewal tab.

Annual General Meeting – 16th February

The AGM will be held at 7.30 pm on the 16th February at the Greenwich Sailing Club – off O’Connell St, Greenwich. Ongoing Covid precautions will apply including evidence of double vaccination, QR registration and social distancing.

This is an important meeting. With our current President Merri Southwood being elected to Lane Cove Council there are ample opportunities to become involved.

All positions will be declared vacant.

If you would like further information on what is involved as a committee or executive member please contact the undersigned.

We are hopeful all three of our East Ward Councillors will be attending to answer members' questions and outline key areas the Council is likely to look at in 2022.

Greenwich Wharf

The date for submissions in respect of the proposed re-build of Greenwich Wharf has been extended by 2 weeks until 5 pm 2nd February.

Residents are encouraged to make submissions and to share a copy with the GCA.

The community submissions will inform the GCA submission.

The link to the latest plans is [here](#).

Council’s Proposal to limit scope of DA notification in SLS

In our last Newsletter we reported that shortly before Christmas Council notified residents that it proposed to narrow the scope of future notifications of DAs in St Leonards South.

On 3 January 2022 the GCA wrote to Council’s Executive Manager- Environmental Services, seeking a reversal of this proposal.

Kind regards

Peter Deane/Alan Winney
Acting Presidents

Kind regards

Peter Deane
Acting President
