

**The GCA is pleased to advise receipt of the following email from Mr Anthony Roberts MP office this morning.**

*"Good Morning,*

*Just a short time ago I received notification from the Minister for Transport's office that the proposed changes to the F3 and F8 ferry routes will not be going ahead.*

*What this means:*

- The F3 and F8 services terminating at Circular Quay will continue as per usual.*
- We will still see the investment to purchase new ferries which will be more efficient and environmentally friendly.*
- We are still in discussions about adding additional services into the network on top of the current system.*

*This positive news is a direct result of our community coming together and constructively working towards a shared goal. The thousands of emails, calls and notes I have received from our constituency formed the heart of our campaign to maintain the ferry services. I also want to thank the local councillors and community leaders who have helped organise the response.*

*I am very proud of this win today and look forward to continuing to advocate for the public transport network that our community deserves.*

*Yours sincerely,*

**THE HON ANTHONY ROBERTS MP**

**Member for Lane Cove**

**Minister for Counter Terrorism and Corrections"**

**This is a big win for the Community! Well done to all.**

**Merri Southwood**

**President**
