Attention General Manager Mr Craig Wrightson

Dear Mr Wrightson,

We note that listed on the Agenda for the next Lane Cove Council Meeting (Thursday 21 Sept), there is a proposal to change the operating times & services provided at the Greenwich Baths, as part of a new lease to be entered into with the current Lessee Blu Fit.

Whilst we understand that this can be done simply under your authority, it would seem judicious to give the community a chance to understand the proposal & offer thoughts as to the best way forward to suit community needs.

It would therefore be much appreciated if this decision could be delayed until at least the following Council meeting, to give the community that chance to have their say.

We understand that there is no critical rush, & the community would appreciate this consideration.

Thank you

Regards

Peters Deane
