

Dear Community Member,

Lane Cove Council will vote on the Bob Campbell Oval masterplan on Monday 16 November.

More than 1600 residents have expressed their opposition via petition, and over 88% of all formal submissions to the Council are in objection to the master plan.

[Council's report](#) recommends that the masterplan be approved and a synthetic surface installed at Bob Campbell Oval. However, this report fails to address many of the significant concerns raised in the community's submissions.

The GCA calls on Council to defer a decision on Bob Campbell Oval. More time is necessary to allow councillors to get answers to many of the areas of community concern which Council has failed to address, including the long-term environmental implications of a synthetic surface.

How can you help?

We ask that community members urgently help get this message to Council by calling or emailing councillors prior to Sunday 15 November. Contact details are listed below.

You can also [register to address Council](#) in a public forum at the start of the next Council meeting, which will be held on Monday 16 November. Applications to address Council must be submitted by midnight Sunday 15 November.

As always, we thank you for your support.
